Our House Strength is our Collective Super Power

Hufflepuff's House Strength is Love

Love means....

What does love feel like? Love feels...

Is love something you can do or be? How?

Is love something you can have? How do you get it?

What's it like when you have love?

Can you have too much love? What happens then?

Who needs love?

What's it like when you don't have love?

How can you help people who don't have love?
